

We are absolutely gleeful to announce the addition of Ms Norma Jean Fowler to our A Dancer's Dream faculty. A dedicated and joyful teacher, Ms Norma is a decades-long member, certified by exam, in the Cecchetti Council of America's student and Associate Professional levels. She has previously served on the Cecchetti Council of America's Michigan Chapter General Board and has successfully sent hundreds of students and instructors through exams. She is certified by exam in Dance Masters of Michigan and America and Dance Educators of America in the subjects of ballet, lyrical, tap and jazz. As well, Ms Norma is excited to share her decades of experience as a seated competition circuit judge for many of our country's most highly regarded events. An award winner herself, Ms Norma has earned too-many-to-count National choreography titles and has raised countless National titlists who now grace just about every professional stage you could name.

There are many reasons we are excited to share our dancers with Ms Norma making it potentially difficult to choose the one thing that peeks above the shoulders of the rest, BUT, it is there none the less. We are ecstatic that, under Ms Norma's training, our Dream Team dancers (along with all Enrichment dancers who wish to participate!) will now work through the Cecchetti syllabus and be assessed by the Cecchetti Council of America.

The Cecchetti method is known for educating dancers to be pure in form, attuned to music theory, and lovely to witness in performance. Cecchetti training is a delightfully rigorous method of classical ballet which pays careful attention to the laws of anatomy. It develops all of the qualities essential to the dancer: balance, poise, strength, elevation, elasticity, "ballon", etc. It is classic in its purity and clear-cut style.
